Introduction

- Our platform provides efficient transportation and delivery services powered by verified drivers and smart route optimization.
- With a strong focus on safety, affordability, and reliability, Drive enables users and businesses to move faster and operate smarter in today's growing on-demand economy.

Why Choose DriWE?

● QUICK BOOKING

Customers time is valuable. Skip the wait and book your ride in seconds with DriWE. Our smart system connects you to the nearest driver, ensuring faster pickups. Travel planning made effortless.

● LIVE TRACKING

Customers safety comes first with every ride. All drivers are carefully vetted, trained, and verified to ensure a secure and reliable experience every time.

● VERIFIED DRIVERS

Customers safety is our top priority. Every driver on DriWE is trusted and reliable through strict verification and training. Every journey is secure, comfortable, and worry-free.

Our Mission & Vision

Mission

At DriWE, our mission is to make every ride smooth, safe, and affordable for our customers. We believe in complete transparency, ensuring there are no hidden charges-only a clear, honest, and reliable ride experience.

Vision

Our vision is to become the world's best and safest ride-hailing application, setting new standards in reliability, service quality, and customer experience.

Problem With Other Apps

01

High Delivery Charges

Added platform fees make small orders too costly.

02

Hidden Costs & Surge Pricing

Prices suddenly rise during busy hours without transparency.

03

Poor Support

Customer Service is often slow or automated, offering little real help.

04

Delayed Deliveries

Peak hours, traffic, or mismanagement cause frequent delays.

Benefits For Drivers

**Benefit for
Drivers**

MONEY DIRECT IN YOUR POCKET

Get all the payments directly into your account without relying on other platforms. Just top up the wallet and earn.

18 RUPEES PER KM

No need for a strike; we follow what the RTO says

LIVE METER

Stop fighting for a good rate with customers. We have a built-in meter for both parties, which ensures greater transparency,
Transparency = DRIWE

COMPANY CALL SUPPORT

We are available to listen to your queries whenever you need us. Your concerns are heard

Benefit For Customer

1

FACE RECOGNITION

Now, with an OTP (One-Time Password), the driver must verify their own face; it's a two-step verification process.

2

LIVE METER

There's no need to accept a forced rate; use the live meter and pay as you go.

Benefit For Customer

Courier with the same

We offer more than just rides; you can also courier your appliances, big products, and other goods.

Storing the driver picture

We store the driver's picture, which can be used to identify his face during SOS and emergencies.

India's Three-Wheeler Market

In India, the three-wheeler auto-rickshaw segment is massive – it's how millions of people move in cities and towns every single day.

- 1) Uber actually has the largest share at around 41%.
- 2) Rapido is right behind at 31–32
- 3) Ola has about 26%

India's Four-Wheeler Market

four-wheeler cab market in India.

- 1) Uber is the clear king with roughly 50-51% share.
- 2) Ola is a distant second at 34%.
- 3) Rapido – a company that started with bikes and autos – has already reached 14% in four-wheelers.
